

miniPAL® RENTAL PROGRAM

A FLEXIBLE AND SCALABLE SOLUTION

The Columbia/Okura cobot rental program enables businesses to easily access palletizing cobots with minimal upfront investment, ensuring a cost-effective solution arrives in your facility quickly. By automating palletizing—a repetitive task—we can help you bridge the labor gap and free up your workforce to focus on more complex and strategic activities.

- « Quick deployment with pre-configured rental ready inventory units
- « Applications include cases, spot packs, trays, bundles, and plastic bags
- « Equipped with Pally, an easy-to-use pattern-building software
- « Deployment and basic operator training included
- « Single and dual pallet configuration

BENEFITS OF RENTAL

- « **Cost-effective:** Minimal upfront capital investment
- « **Versatile:** Compatible with various product types and packaging applications
- « **Compact:** Easily integrate into existing systems, even in limited spaces

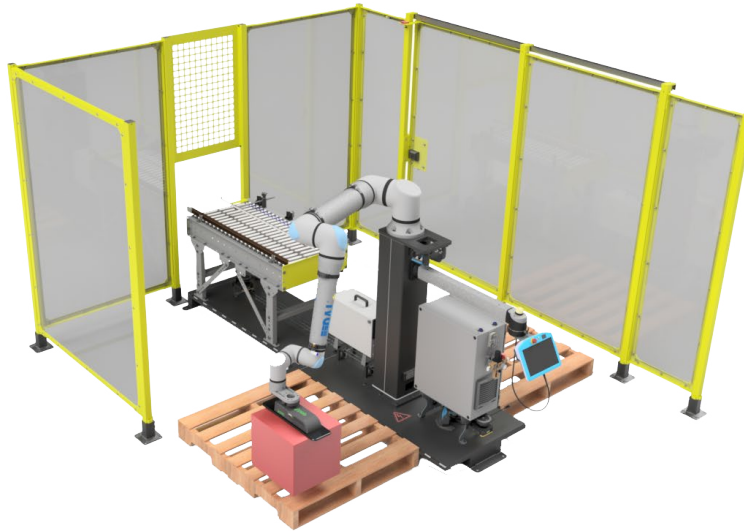

Columbia/Okura LLC is a robotic palletizing integrator, applying expert knowledge and tools to solve customers “End of Line” production challenges for a diverse range of businesses, products, and applications. We believe in the transformative power of automation.
