

ACROPAC BAGGING MACHINE

FULLY INTEGRATED BAGGING LINES

Streamline your packaging and maximize efficiency with Columbia/Okura and STATEC BINDER. As the exclusive U.S. distributor since 2018, we bring you STATEC BINDER's flexible, durable, and low-maintenance open-mouth and FFS bagging machines. Coupled with Columbia/Okura's custom-engineered robotic palletizing solutions, we deliver a complete, single-source, automated line. Serving diverse industries from animal feed to chemicals, our integrated systems are designed to meet your precise needs.

BENEFITS

- Cong lifetime
- " High capacity and reliability
- Compact design for smaller space requirements
- " Ideal for those switching from manual or semi-automatic bagging lines
- Options include an entirely stainless steel execution if required

SPECIFICATIONS

Units per hour	Applications	
Up to 600 bags	Pillow bags	
	Gusset bags	
Fill capacity	Industries	
22 lbs - 110 lbs (10 kg - 50 kg)	Agriculture	Fertilizer
	Chemicals	Food
	Feed	Minerals

Columbia/Okura LLC is a robotic palletizing integrator, applying expert knowledge and tools to solve customers "end of Line" production challenges for a diverse range of businesses, products, and applications. We believe in the transformative power of automation.

ADDITIONAL SPECIFICATIONS

Bag type Woven PP, PE, or Paper **Additional options** Bag top de-aeration unit

 Product type
 Free-flowing bulk goods
 Dustproof filing spout

 Bag width
 13.7 - 25.6 inches (350 - 650 mm)
 Wash-down execution

 Bag length
 22.4 - 42.1 inches (570 - 1070 mm)
 Bag vibration device

Air consumption ~50 Nm³/h Evacuation lance

Power supply 3 x 380 - 480 VAC, 50/60 Hz Bag labelling

TRANSFORMATIVE AUTOMATION

The ACROPAC automates your bagging process with a capacity of up to 600 bags per hour, perfect for transitioning from manual operations or for lower volume needs. It efficiently bags free-flowing materials, including animal feed and plastic pellets, in pillow and gusset bags (22 lbs - 110 lbs). Stainless steel and powdery product options are available for specialized requirements.

WORKING WITH US

At Columbia/Okura, we believe automation is the catalyst for unprecedented growth. Beyond robotic palletizing, we engineer comprehensive end of line solutions that drive transformative results for your business.

- Fully customized and integrated palletizing system
- Accurate bag placement and flexibility
- Low maintenance solutions that ensure increased uptime and high reliability
- « Robust end effectors adapted for your application
- Training, remote support, and OEM parts
